

Asistente Técnico Veterinario en la Clínica Veterinaria Vetpartners desde 2004. Especializada en bienestar y manejo felino, trabaja siguiendo las directrices de la International Society of Feline Medicine (ISFM), entidad por la que cuenta con la acreditación de Defensora del Gato desde 2020.

Forma parte del servicio de medicina felina, siendo responsable de las consultas de enriquecimiento ambiental, y coordina el grupo de auxiliares de medicina felina de Vetpartners en España y Portugal.

Colabora en el área quirúrgica y de hospitalización, ha publicado en la revista Argos y participa como formadora tanto en programas internos como en charlas formativas para protectoras animales, centradas en bienestar, manejo y concienciación.

Veterinary Technician at Vetpartners Veterinary Clinic since 2004. Specialized in feline welfare and handling, she works in accordance with the guidelines of the International Society of Feline Medicine (ISFM), by which she has been accredited as a Cat Advocate since 2020.

She is part of the feline medicine service, where she is responsible for environmental enrichment consultations, and she coordinates the feline medicine auxiliary group of Vetpartners in Spain and Portugal.

She also collaborates in the surgical and hospitalization areas, has published articles in Argos magazine, and participates as a trainer both in internal programs and in educational talks for animal welfare organizations, focused on welfare, handling, and awareness.
